First-of-its-kind in the Lion City

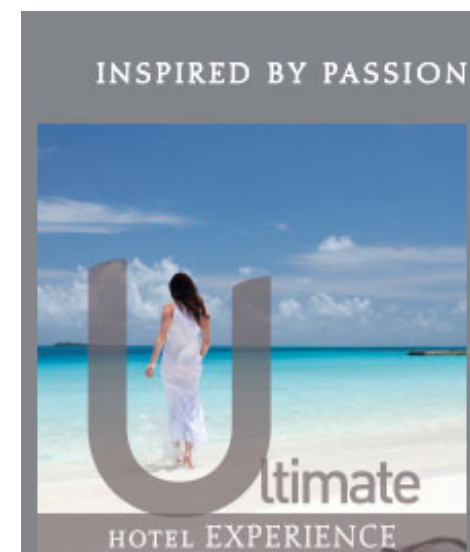

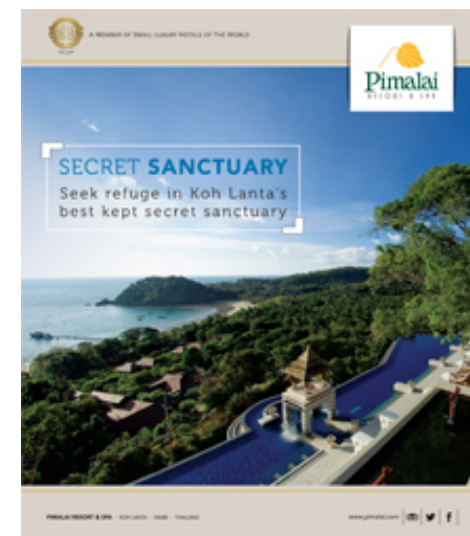

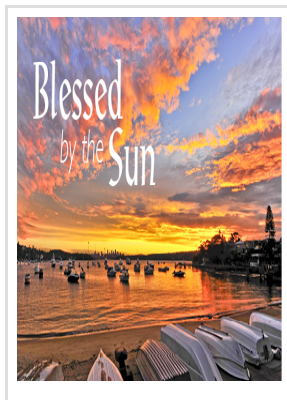

A stone's throw from the heart of the CBD, the first experience-driven luxury boutique hotel in Singapore will be open this month, featuring chic, stylish interiors by celebrated French designer Jacques Garcia.

Hotel Vagabond features a 5,000sqm salon area, dressed in thick red velvet curtains, where guests can enjoy a five-star dining experience at 5th Quarter, where award-winning executive chef Andrew Nocente serves cuisine using traditional methods and modern technology to maintain the integrity of timeless flavours. Alternatively, have a drink at the Vagabond Bar, conceptualised by renowned drinks collective Proof & Company and offering an eclectic rotating selection of handcrafted cocktails, artisan spirits and wines.

The hotel will also be the only of its kind in Singapore to offer a rotational Artist in Residence program. Artists involved in writing, photography and performance art of

all kinds will be invited to apply for residencies for up to three months. Hotel guests will have opportunities to mingle with the artists in the Vagabond Salon during cocktail hour at 6pm every evening. www.hotelvagabondsingapore.com
