This one's for artistic souls. As the first in an international luxury hotel collection by Satinder Garcha, the man behind several developments at Sentosa Cove, expect nothing less than lavish comfort: Think fluffy goose down pillows, dreamy Egyptian cotton sheets and photographs from Garcha's travels.

Offering Singapore's first Artist-in-residence programme, Hotel Vagabond hopes to recreate the artistic vibe and charm of Parisian salons at its Vagabond Salon lobby lounge. You might just find yourself mingling with resident artists!

Make time too, to dine at the 5th Quarter, which will specialise in grills and cured meats, thanks to Gordon Ramsay protege Chef Andrew Nocente, and kick back with craft cocktails at Vagabond Bar.
